

För bästa prestanda ...

ANVÄND ENDAST ORIGINAL McCONNEL RESERVDELAR

För att vara säker på att alltid få senaste designförbättringar ska du köpa dina 'Original reservdelar' från din 'Maskintillverkare'

McCONNEL LIMITED

Ange alltid:

- ***Maskintyp***
- ***Serienummer***
- ***Beställningsnummer***

Designförbättringar kan ändra några av de delar som finns upptagna i denna handbok – delar i senaste utförande kommer alltid att levereras om de är utbytbara mot ett tidigare utförande.

13	2	8629239	ROTARY SHAFT SEAL
14	<i>as req'd</i>	42257.10	SHIM - 1.2mm

Note: Roller Brackets Items 3 & 4 are swappable L/H to R/H on the roller to give various differing height settings - the illustration show the brackets assembled in the standard position with the longer edge notch upwards. When assembled the opposite way with the longer edge notch downwards it is referred to as the alternate position.

Standard Roller Position

FLAIL PARTS INFORMATION

McConnel Flail Mowers use dynamically balanced and mated system components for Cutter Shafts, (Rotors) Knives (Flails), Knife hangers (Shackles) bolts, bushes Rollers, Drivetrain Components, Bearing Belts and Belt Pulleys. McConnel parts are made and tested to meet close-tolerance specifications of balance, quality and consistency that assure long, trouble-free service. "Will-Fit" parts do not ordinarily meet McConnel Standards and could reduce Mower performance, void warranties and present an increase in the safety hazard potential.
